Dear Sirs,

On Thursday, October 16, 2025, we received a letter from the Dahas Bolau Family Representative in Tapin Bini Village regarding a request for land clearing and oil palm planting in the HCV area of the Bukit Bolau Block, within the HGU of PT Pilar Wanapersada.

The request related to a series of events initiated by the Dahas Bolau Family since September 2025. On September 20, 2025, the community of Tapin Bini Village, especially the Dahas Bolau family, visited the PT PWP office to pressure the company to accommodate their request. At the final meeting on September 24, 2025, at the home of Mr. Egen, an elder of Dahas Bolau, it was agreed that land clearing could be carried out by following HCV-HCS standards and RSPO guidelines. On September 25-26, a review survey was conducted with the community to assess the location situation. In response to conditions on the location and to avoid potential ongoing conflict with the community, we have appointed a qualified consultant to conduct a Land Tenure Study and Re-Assessment of HCV, land cover, and HCS at the site. We hope the study results will lead us to further action. The consultant will work immediately.

We have informed the RSPO that this swift response is necessary. If necessary, we are ready to discuss and, if necessary, conduct a joint field visit to resolve this matter.

Thank you.

Regards,

Danar Surya Wiranagara
