Dear RSPO Team,

In accordance with the RSPO's request through Mr. Aryo during a meeting at the RSPO Indonesia Secretariat, we have prepared a Request Proposal for the Tapin Bini Community at PT PWP to be able to open the Dahas Bolau area, which is identified as HCV 6.

The proposal outlines the history of land ownership by the Dahas Bolau community, descendants of the Dayak Tomun who reside in Tapin Bini. It also describes the environmental, social, and reputational risks posed by the community's request for the HCV area. We sincerely hope that RSPO can review the proposal and provide recommendations and decisions that can be a solution to this problem.

The attachment of the Proposal may find on this GDgrive link:
