Dear Pak Danar,
Thank you for informing us about the boundary changes.

Before our team can update this boundary data in GeoRSPO, our colleague from [@RSPO Compensation](#) will contact you regarding the update of Annex 2 Disclosure. After the disclosure review is complete, we will push the data to GeoRSPO.

We have made an initial check on the data and found that it did not follow the [Formatting Requirements for Plantation Boundary Data Submission Guideline](#). You can correct the data and send it along with Annex 2 for review. The data template link can be found in the guidance document.

Looking forward to an approved Annex 2.

Regards,
Fani
